He Whai Taumaru Leaving to Learn

Ki te tī, ki te tā, ki te katoa
Anyone, anytime, anywhere

Connecting with your hapori (community)

At Te Kura, we believe learning can happen anywhere – not just in the classroom. You can have great learning experiences while spending time in your community, with your whānau, or at your part-time job.

We call this Leaving to Learn – learning outside of school.

Leaving to Learn activities can be face-to-face or online, and may include:

- undertaking projects based on your interests and passions
- talking with mentors and experts in your community
- careers exploration
- shadowing
- internships
- volunteering
- attending short courses and local events.

Exploring your career options

With support from Te Kura, you may be able to attend courses or work placements in your area of career interest. You can develop knowledge, understanding and skills in your chosen field while you are working towards a relevant qualification.

Learning options include:

- Gateway work placement programmes
- STAR courses held at polytechnics or private training institutions
- Huarahi Trades Academy practical and hands-on programmes
- Tertiary Link distance courses
- Student Volunteer Army Service Award scheme.

Your support network

We can help you to build a strong support network as you work towards your educational and personal goals.
