Editor's letter

Welcome Supervisors

It is a busy time as we near the end of the year.

Many of you, like me, may be busy with springtime activities on the farm. It is at times like this that I enjoy the flexibility of Te Kura. To be able to work our school day around this busy time is essential.

This term we have some great craft ideas using buttons to suit any age group and may help with Christmas present ideas.

We also read about a family who are living in Fiji. I would like to thank Cherie for sharing her daily routine with us. It is always a joy to read how other supervisors organize their school day so please send us your article so we can share it with others.

Enjoy the rest of the term and have a well-deserved break over the summer.

Dianne

TE KURA LIBRARY

Did you know that the Library services are available to parents, supervisors and full-time, non-fee paying students living in NZ?

The library is open Monday to Friday from 8.30am to 4.30pm, including school holidays. The library is closed on weekends, public holidays and between Christmas and New Year.

The books range from picture books to non-fiction, magazines, and audio books, as well as DVDs. Whether it is for pleasure or for a project, there is something to suit all needs. Supervisors can also borrow books to help with their students learning.

SUPERVISING IN FIJI

My journey as a Te Kura supervisor started in January 2014. We had shifted to Savusavu, Vanua Levu (second biggest island in Fiji) in July 2013 with my children Grace and Colby, and we enrolled them into the local school.

The school had a reputation of being the best educational school in the area and so they began attending. We knew that there would be a few challenges but both children had positive attitudes. During the 6 months they attended school it became obvious that the education system wasn't meeting their needs, so I decided to start home schooling.

Home schooling has been an eye opener – we have good days and bad days. We live in such a great country that allows us to experience different lifestyles and the weather is great. Our normal school day usually begins at 8.30, we work until lunch (12.30-1.00) and then we head off outside to snorkel, swim, explore the reef or walk the beach. We have been lucky enough to find people who are not teachers but are willing to teach music and art. There is also sailing and squash lessons that the kids participate in.

We have our daily challenges of power outages, internet cuts and finding resources we need to complete tasks – but we have learnt to be flexible and adapt (Fiji Time is a normality for us now). More importantly my children are having life changing experiences that will help develop them into better people later in life.

CRAFTS

Here is a great way to use up any buttons on hand. You can either use your own template or get one online. There are endless ideas for button artwork:

- Glue buttons onto a piece of cardstock and insert into a frame
- Sew buttons onto fabric to decorate a piece of clothing or duvet cover
- Glue onto garden pots
- Glue onto the face of a clock
- Join together in strips to make a mobile for a child's room
